**Date of photograph(s):** November 2009,

"H-shaped thatched house with a pedimented gable copied from another in Stellenbosch during restoration. The pilasters continue down the facade to form the architrave of the panelled stable door with 20-pane fanlight and frame the flanking half-windows. Corner pilasters. Windows are 24x24 sashes with half-shutters. Raised brick stoep with projecting steps. Double storey extension to the left with moulded parapet, 12x12 sashes and a projecting pedimented entrance with 2x2 doors on one side and a large 16-pane window facing the street."

Restored
