Architectural	Medium		

ARCHITECTURAL STYLE

Victorian

ARCHITECT/BUILDER

SITE DESCRIPTION

Symmetrical three-bay barn-type Victorian house.

STATEMENT OF SIGNIFICANCE

Despite the somewhat intrusive wrought-iron burglar bars enclosing the stoep, the Victorian structure on this site has aesthetic and architectural significance by virtue of its scale, massing and architectural language. It contributes to the character of Dirkie Uys Street, one of the best surviving urban street precincts in Franschoek.
