SITE DESCRIPTION

Three grain silos, repurposed and situated in the Joostenberg farm yard among other residential and commercial structures. There may be a few other old barn structures, altered and repurposed.

STATEMENT OF SIGNIFICANCE

These silos have significance in their association with agricultural industry in the area. They are one of the few physical sites that attest to the 20th century industrialisation of agriculture in this area. They have associational and contextual significance.

INTERIOR DESCRIPTION

GROUPING WITH OTHER SITES

Three silo's connected with a single storey Base structure
