SITE DESCRIPTION

U-plan double-storey neo-Classical facade with excellent joinery (possibly an Anton Anreith door). Recent restoration. Outbuildings largely modernised, and all but one shorn of gables.

STATEMENT OF SIGNIFICANCE

A unique and interesting farmhouse, set within a layered werf context. The werf is extremely well sited within a sub-valley of the Simonsberg foothills. The farm has historical, architectural, scenic, contextual and landscape significance. It has an association with significant people at the Cape, such as Thibault and Anreith.
